NOTICE

Construction Schedule Update: Phase 1 West Sewer Project

Revoli Construction will begin installing sewer pipe in the Flint Pond area (Flint Road and Upton Drive) beginning March 28th. Vehicular access will be limited between the working hours of 7am to 3pm. Please plan accordingly. Travel between these times will likely be delayed due to the limited width of the street for construction.

Emergency vehicle access will be maintained.

Please contact Norm Dugas, Project Site Representative, at 603-422-2339 with specific questions or concerns. You can also speak directly with Mark Lafayette, the representative on site during work hours.

Thank you in advance for your cooperation:
